BK Paving Sealer, established in 2018, specializes in Asphalt Paving and Seal Coat applications. Years of experience ensure efficient and cost-effective completion of every process step.

Exceeding Commercial and Residential expectations and delivering long-lasting products is the goal. Safety is the top priority, followed by customer service and value to each our clients.

Our mission is to be the leading provider of superior Asphalt and Sealcoat services, delivering value through quality work, integrity and reliable performance.

Our talented team of Estimators, Project Managers, Administrators, and Field Personnel provide successful partnerships throughout project completion and delivery.

'As President, my pledge to each of you is that myself and our team will work tirelessly to exceed your expectations and earn your trust and confidence. I look forward to meeting you on the job site.'

James Higer President & Owner
